Exploring Psychic Mediumship and Human Growth
with Gerri March

Saturday 13th May from- 10 am to 5 pm - Entrance £45

A day to discover through simple and enjoyable exercises, the nature of your psychic intuition and Mediumship. All students have a unique way of expressing this and to be able to practice during the exercises with one another, will build greater trust and confidence in yourself.

Time to consider our human growth also, within the world we live in and maybe understand our motives and intentions better.

Meditation, reflection and discussion will also be included in our day.

Please bring your own lunch or accompany Gerrie to a nearby venue
