The use of Mediumship is more than purely giving details of deceased souls, it's a beautiful gift to see and be at one with all life. When sitting in the presence of a good medium there will be communion with those we love, there will be healing, insight, guidance, prophecy, and nourishment. A good medium needs to be able to access their psychic, mediumistic and mystic powers off a fully nourishing experience. During the day we will be looking and exploring how we can access these gifts within our awareness

We will explore all of this by looking at you the medium, and your interactions between your soul and personality, how that reflects on the sitter and how it helps or hinders the intention of the spirit world through their communication.

We will be doing this through, meditations, theory, practicums, discussion, and reflection.

**Please bring your own packed lunch, writing material, colour pencils and pens
