

Workshop with Karen Wood

The Power of the Spirit Part 2

During this workshop we will be looking at connecting with the spirit world with love, proving life after death feeling the evidence and allowing the spirit world to tell their wonderful story. So the communicator can speak, a medium has to listen to what the spirit world has to say, this is a very important part of what a medium does. How do we know the difference between what is the medium's mind and what comes direct from spirit to give truly powerful evidence? Join me for a day of blending and listening with spirit.
